

Are you interested in a new program that may improve your child's health?

If you are a smoker and spend a significant amount of time taking care of a child with asthma or a healthy child, you may be eligible for a new program.

The PAQS Project seeks **smokers** who are **parents, grandparents, other relatives, etc.** who spend a significant amount of time with the child for a program that may help children with asthma to breathe better or improve the overall well-being of healthy children as well as improve the caregiver's long-term health.

- **You do not have to quit smoking to participate.**
- If you would like to quit smoking, you can receive up to an 8-week supply of the nicotine patch at no cost to you.
- You will receive child health education (asthma education or child wellness) during 2 to 3 sessions conducted in your home by a visiting nurse or health educator.
- For answering survey questions, you will be financially compensated for your time.
- *All programs are available in English and some programs in Spanish.*

For more information or to find out whether you are eligible, please call The PAQS Project at 1-866-401-PAQS (7277) or 401-893-8043.
